Subject: Request for a date for a Validation/consultation Workshop on CCM Positioning in July 2024.

Dear Sir,

You are aware that the Bangladesh Country Coordinating Mechanism (BCCM) plays a pivotal role in multi-partner and multi-sectoral development planning and delivery of health services to fight against TB, Malaria and HIV in our country. As part of the Global Fund's BCCM evolution project, we are currently mapping existing health structures and positioning the Bangladesh CCM within these platforms. To ensure the successful completion of this assignment, BCCM needs to conduct a validation/consultation workshop with associated stakeholders.

The primary objectives of the workshop are to validate the current mapping of national health structures, discuss the strategic positioning of BCCM functions, and engage various stakeholders, including representatives from the Ministry of Health and Family Welfare (MOHFW), the private sector, NGOs, and development partners etc. which will ensure a comprehensive and inclusive approach. The workshop will provide an opportunity for all relevant stakeholders to share their insights and feedback, significantly enhancing the accuracy and relevance of current situation of health sector.

In this circumstance, we kindly request you to select a date for this said Validation/Consultation workshop on Bangladesh CCM positioning in the Health Governance Structures in Bangladesh at your earliest convenience in July 2024. Your support and leadership in this matter are greatly appreciated. We eagerly anticipate your positive response. **As it is a day-long workshop, BCCM will be grateful to you if you kindly inaugurate the day long workshop gracing as the Chief Guest in the inaugural session of this workshop.**
